## ***Sanitary Sewer Application Fees***

**April 28, 2023**

On March 23, 2023, a Public Hearing was held to consider revision to the Sewer Application Fees associated with sewer applications submitted to the Water Pollution Control Authority. On April 27, 2023, the Water Pollution Control Authority approved a revision to the Sanitary Sewer Regulations with regards to the Sewer Application Fees associated with Feasibility Approval for Extension of Public Sanitary Sewers and Final Design and Award of Capacity Approval for Extension of Public Sanitary Sewers in the Town of Cheshire.

Effective July 1, 2023, the application fee for Feasibility Design and Award for Capacity will be \$150.00.

Effective July 1, 2023, the application for Final Design for residential properties will be \$250.00 effective July 1, 2023.

Effective July 1, 2023, the application for Final Design for commercial properties will be \$400.00.

Effective July 1, 2023 an additional \$750 fee shall apply for any pump station or low pressure force main reviews.
