Question: If there is an increase in the cost of materials, will contractor be able to submit a change order for the difference?

Answer: All proposals submitted should account for any potential increases

Question: If there is a shortage of material, will the end of work date be extended?

Answer: The successful proposer shall make all efforts to execute the project within the time provided. Extension past end date may be permitted at the sole discretion of the town for materials shortages with ample notification and evidence that all reasonable actions have been taken to secure materials.

Question: Do inspections need to be made by both the Town of Cheshire and the State of Connecticut or just the town?

Answer: The town of Cheshire's appointed representative will make regular inspections of work and coordinate with the successful proposer for necessary inspections by state agencies. Inspections of all signal equipment shall be installed and inspected to the full satisfaction of the appropriate state agency
