3. Is the CM required to submit two (2) separate qualification packages for each project, or is it acceptable to submit one (1) combined qualifications package for both projects? The combined submission idea is that Sections 4-Experience of Key Personnel and 9-Project Approach and Methodology would be specific to each project and all other RFQ submission sections would be the same for both.

4. Can RFQ Submission Sections 11-Workload Statement and 13-Current Workload Disclosure be combined into one section?
  - a. In Section II- "Submission of Qualification Statements", questions 11 and 13 may be combined provided that each element of both questions is answered.***
  
5. RFQ Submission Section 5-Technical Competence is outlined in the Norton RFQ #2223-27 but not identified in North End RFQ #2223-28. Is Section 5-Technical Competence also intended to be included in North End RFQ #2223-28?
